

### ❧ HOW DO I PLAY? ❧

It's very easy to start out. Thor's Refuge has a collection of starter weapons to try out and a simple system of hit locations to learn before your first *fight*. If you're 14 or older we can have you in your first line ditch or battlegame in under 15 minutes.

### ❧ WHAT THEN? ❧

If you're hooked, then you should start looking at the rule book, decide on a class, pick a unique name and consider making your own weapons, spell balls and garb. We can help teach you *all* of these skills at Arts and Sciences Nights.

### ❧ HOW DO I LEVEL UP? ❧

A common question. You level up by coming to field and earning a credit for playing a particular class. Level 2 is a quick 5 credits but it gets progressively harder until you max out at level 6.

### ❧ WHY SHOULD I PLAY? ❧

Amtgard is an extremely interactive community. In this community you improve your fighting techniques, role-playing potential, real-world crafting skills and meet some of the friendliest people in North America.

Amtgard fields spread from the Southern United States to Northern Canada. Thor's Refuge is one of over 200 groups America-wide.

Over time you receive recognition for your personal and group contributions through awards and titles. You could be the next Knight!
